LIEUTENANT GOVERNOR WILL OPEN ST. ALBERT RODEO 104

Dr. J. Percy Page and Mrs. Page.

The Honourable J. Percy Page, Lieutenant Governor of the Province of Alberta, has presented to officially open St. Albert Rodeo 104. A Kinsman spokes man advises that Dr. and Mrs. Page will attend the Friday evening performance and will be accompanied by Mayor and Mrs. John de-Brujn and Councillors Fowler and Stewart and their wives. Mike Page, President of the Kinsmen Club of St. Albert and his wife will complete the make-up of the official party.

The Lieutenant Governor will give a brief official opening address during his St. Albert visit. It is hoped that the people of St. Albert will give a warm welcome to Dr. and Mrs. Page.

ST. ALBERT KINSMEN RODEO 104

As reported in a previous issue of the Gazette, Reg Kesler of Rosemary, Alta., will be supplying the stock for Rodeo 104. For the past 12 years Reg has been associated with well known Rodeo Producer Herman Linder. This experience has given Kesler an sound a background in the rodeo business as is possible to obtain. Since his start in rodeo at the age of

14 Kesler has had the honour of winning "All Round" Championship of Canada in 1948, 1951 and 1953. The Canadian "All Round" at the Calgary Stampede in 1949 and 1950, as well as other Championships too numerous to mention. Reg has been featured in the Star Weekly and has met and rodeoed for Her Royal Highness Queen Elizabeth and the Duke of Edinburgh. Kesler's home ranch consists of 2400 acres plus a lease holding on the Red Deer River. This land is home for some 250 head of Hereford cattle, 250 head of Rodeo Horses, 40 head of Brahma Bulls and 40 head of Mexican Steers brought in from New Mexico every year.

Kesler stock has been used in a great many major rodeos including Vancouver, Winnipeg, Lethbridge, Medicine Hat, Brooks and the great Calgary Stampede in Canada. In addition to these Reg has supplied stock to such U.S. rodeos as Denver, Colo., Wenatchee, Wash., San Francisco, Calif., Great Falls and Dillon, Mont., and Salmon, Idaho. Kesler stock has been selected each year for the National Finals Rodeos at both Dallas, Texas and Los Angeles, Calif. Needless to say, Reg Kesler is certainly well qualified to handle St. Albert's Rodeo 104 on June 18 and 19.

During the May 20th board meeting the following notice of motion, moved by Trustee George Walker, was presented to the board.

"WHEREAS on November 21, 1961 by Resolution #1039, the subject of religious education in our schools was opened for discussion, and
WHEREAS by Resolution #1040, this Resolution #1039 was tabled "pending recommendation from the Administrative Council and the Education Committee", and
WHEREAS the Superintendent has given

progress reports from the School Council and the Ministerial Association from time to time, and

Rev. Jarvis of the Presbyterian Church said, "We feel there are young people in our town who never had a chance for religious instruction. We are of the opinion that this instruction should be part of the school hours, half hour every day. Rev. Dawkins of the Anglican Church made it quite clear that the Ministerial Association is an association of persons, not of churches, "which means," he said, "that I might agree as a person with a decision of the Ministerial Association

stories this week with:

Steer wrestling

Although steer wrestling is one of the five standard rodeo events, it is a competition the Calgary Stampede does not program. But, each of the three performers of Rodeo 104 in St. Albert on June 18 and 19 does, as it brings out a true match between man and beast.

The Stampede prefers to fill the bulldogging slot with steer decorating, an

event common only in Canadian rodeo but an event which is slowly giving away to the wrestling contest.

Of the five standard events, two — steer wrestling (or bulldogging) and bull riding — have no direct relationship to the early work of the cattle industry. Part of the origin of steer wrestling stemmed from the early Mexican trick of "tailing" a steer. By trailing the unruly animal, the vaquero rode up behind the long-tailed longhorn, caught up the tail, gave it a quick wrap around the saddle horn, then spurred the pony to one side and ahead of the steer. The

longhorn went sprawling and behaved the rest of the day. Cattle owners, of course, refused to stand for this rough treatment and "tailing" soon became a lost art.

The classic origin of bulldogging has been credited to a Negro cowboy named Bill Pickett. In the early 1900's he toured the country staging exhibitions of jumping steers. But instead of twisting down the animal, he would turn the steer's head until the nose was pointed upward. Then he sank his teeth into the animal's tender lip, unhinged the steer and fell over, bringing the steer to the ground on its side.

The trick passed into the hands of other cowboys, then, with the added feature of a hazer and without the "big bite", it moved on into the rodeo arena.

Steer wrestling is a timed event. As the steer breaks from the chute he trips the clock and a light rope barrier in front of a second chute which holds the mounted contestant. The moment the barrier is tripped the rider breaks out, runs down the steer and leaps from horse to animal. Gripping the horns, the contestant must twist the steer down in such a way that all four legs and the head point in the same direction.

The steer wrestler is assisted by a hazer, a mounted cowboy who breaks from a third chute on the other side of the steer. His job is to keep the steer running straight once it leaves the release gate. Breaking the barrier before it is tripped brings a 10 second penalty. If the contestant misses the steer in his jump, he takes no time.

Next week the story of the most dangerous, yet, most popular of the riding event: Brahma Bull Riding. Also watch the next issue of the Gazette for pictures of the six candidates for Miss Rodeo 104.

comment, of a passage of scripture to be selected from those prescribed - approved for that purpose by the Minister, followed by the recitation of the Lord's Prayer.

391 (1) No religious instruction shall be permitted in a school from the opening of the school until one-half hour previous to its closing in the afternoon, after which time any such instruction permitted or required by resolution of the board may be given.

Dr. Schwarz also said that if religious instruction is given outside school hours then it would be a kind of Sunday school which would just be a duplication. Mr. Roy Usher, trustee, said "what do we gain if we have the religious instruction outside school hours? We would not serve the young people who never have a chance for religious instruction because they could attend a Sunday school."

Rev. Gnishenko of the Pentecostal Church felt that the church of Christ has failed in regards to Christian education to the children. Mr. Thronson, principal of Sir Alexander Mackenzie School was of the opinion that the ministers are the only ones who should teach the religious instruction. He was satisfied that the parents will be the ones to decide if their sons or daughters will take this kind of instruction. Mr. Wim Netelema speaking as a parent, was of the opinion that the expression "religious education" should be "Christian education". "Because" he said, "that's what we are talking about." Trustee Walker agreed wholeheartedly that it should be "Christian education."

Principally, the Ministerial Association, the teachers and the School Board agreed that Christian Education should be taught at the Protestant schools, but the problem still remains, who will be the instructors? Chairman, Dr. A. Cuts said that it was not easy to solve this problem as it has been a problem for many years. Trustee Walker's motion was read into the minutes and tabled until the June educational meeting.

(By A.R. GATE, Parks Supt.)

If you have young children, designing their play yard is the most important aspect of your recreational plan. Whether your children will enjoy playing at home is up to you. A play yard with no space to bounce a ball; that is full of perishable flowers the youths can't help stepping on—these are a few of the major pitfalls in planning which you should avoid. Instead make your goal a play yard that is safe and fun without being extravagant in terms of space or dollars.

Your children should be free to run, jump, swing, hide, ride, and yell. If possible, provide a place to wash muddy hands and to get a drink of water. Your play yard should be designed with an eye to convertibility in the future, after the children have outgrown present uses. Children grow so fast that play facilities should be planned realistically for conversion to other uses. The play yard with swings and climbing devices mounted on permanent beams looks much neater than the usual miscellany of separate items. Conversion later into vine supports or use as a framework for a garden shelter will be a simple project.

This is a real challenge, but care in your decisions can result in a highly workable solution. You can't expect youngsters to stay in their space if more interesting things are going on some place else. Give them something to do in an attractive and practical setting.

PRESBYTERIAN CHURCH

The Sacrament of the Lord's Supper will be celebrated June 5th at the morning service.

During the past two weeks a number of men have volunteered labour to build a

fence and to prepare the back lawn of the manse for seeding. Thanks to all who have helped.

At the morning service on Sunday, May 16th, Paula Grace, infant daughter of Mr. and Mrs. Garth Peterson, and Cameron Angus Donald Paton, son of Mr. and Mrs. Angus Paton were baptized.

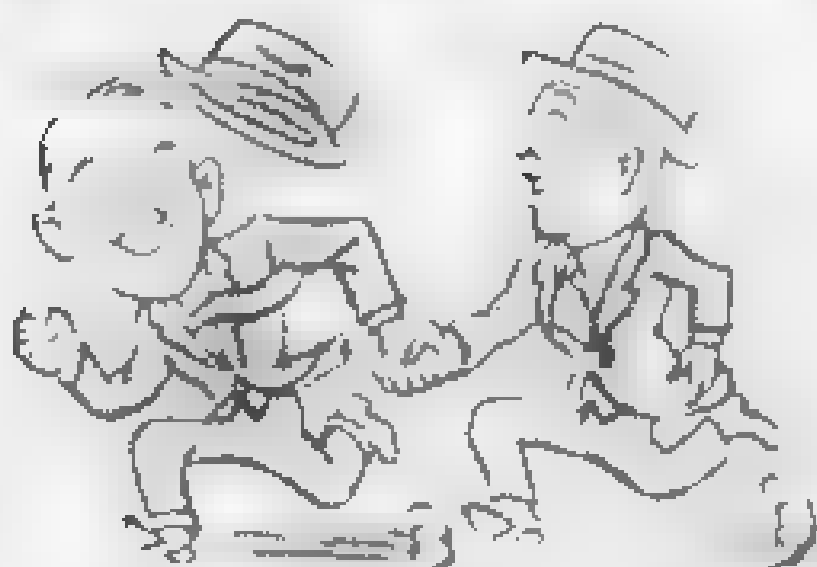

The minister was away Sunday for the weekend Boy Scout Camporee at Spruce Grove. Services were conducted here and at Jasper Place by Mr. Herb McIlveen. Maurice King also attended as a leader. Daryl Baskak attended as a Scout. Everyone had good fellowship despite the wet weather.

CHRISTIAN EDUCATION

The discussion regarding Christian Education at the last meeting of the St. Albert Protestant Separate School Board made it clear that if the Board decides to allow this education during school hours, the parents will have the last say. This means that parents will have to give written permission for their child to take the Christian Education lessons during school hours. This will be to assure that no parents can complain that their child was deprived in any way of these lessons.

The School Act Part 1

393 A child may leave the school room at the time at which religious instruction is commenced or may remain without taking part in the religious instruction given if the parents or guardians so desire.

394 (1) No teacher, school trustee, Inspector or superintendent, shall attempt in any way to deprive a child who attends a school in which religious instruction is given and who does not take part in that instruction, of any advantage that he or she might derive from the ordinary education given in the school.

We have always asked, as have many others, why a school district should use the words "Protestant Separate" if they cannot even decide regarding Christian Education. "Protestant Separate" clearly means that they have separated from non-protestants, and not, as many would think, from Roman Catholics. "Protestant Separate" is the group of Christian believers, with Christian principles and with a positive meaning of Christian life. A "Protestant Separate School Board" can only be blamed if they don't supply Christian education during school hours. By doing this, they only fulfill a duty which is anchored in their positive name "Protestant Separate". It is time the facts are cleared up, all the parents involved. Better to not use the words "Protestant Separate" or ban all Christian activity at the school, than be neither hot nor cold, confuse names and confuse parents and children.

As it is now, some teachers are positive protestants, who sincerely would like to read and discuss the Bible in their classrooms, whereas other teachers positively do not want to have anything to do with the Bible. Such a situation is not beneficial to any child, no matter if his parents are Christian or non-Christian. It is now up to the Protestant Separate School Board to decide as soon as possible (before August 31, see School Act Part 1) if the "Protestant" name means something else other than Christian.

John Vaughan, St. Albert Detachment

Marking the 92nd Anniversary of the formation of the Royal Canadian Mounted Police, Sunday the 23rd of May, members of the force assisted at Sunday services at the church of their choice throughout the nation, wearing their full dress uniform. The Detachment was represented at St. Albert churches, giving the residents of St. Albert and outlying areas the opportunity of observing the anniversary with them. We are indeed most fortunate in having a Detachment in St. Albert and are grateful for their constant protection.

In 1955, beginning on the 26th day of October, the force started policing the Town of St. Albert, one officer being sent from Edmonton.

The first Detachment and Highway Patrol was established on May 9, 1962. The areas now served by 13 members are, to the EAST - Bonaccord, Gibbons and Oliver; to the WEST - East of Calihoo, the Alexander Indian Reserve and Smoky Lake Beach; SOUTH - Edmonton; NORTH - Morinville, Mearns and Peavey.

Seven officers patrol the Town of St. Albert. Three Detachment officers patrol outlying areas, two are on highway patrol, and one member of the "Dog" section serves the Greater Edmonton area.

The next public function for the RCMP will be at the ceremony of the unveiling of the newly named Sir Winston Churchill Avenue, which will take place on Thursday, May 27 at 11:30 a.m. at the Town Hall.
